

Kidney Disease, First Stage Promptly Relieved By Pe-ru-na.

J.A.S. M. POWELL

Catarrah of the Bladder.
Mr. James M. Powell, 431 Kensington street, Kansas City, Mo., writes:
"About four years ago I suffered with a severe catarrah of the bladder which caused continued irritation and pain. I was miserable, and could not stand up or walk for any length of time without extreme weariness and pain. I began taking *Peruna* and it greatly relieved me, and in eleven weeks I was completely cured, and felt like a new man."

Kidneys and Liver Affected.
Mrs. Carrie King, 730 North Cascade, Colorado Springs, Col., writes:
"Peruna has been my favorite and only household remedy for nearly five years. I have suffered for years with biliousness, and kidney and liver trouble. If I caught a little cold, the pains were increased, and backache and headache were of frequent occurrence. However, *Peruna* cured me—twelve bottles made me a new and healthy woman. For three years I have enjoyed the best of health. I keep *Peruna* constantly in my home, if my husband or I catch cold or feel indisposed, a few doses of *Peruna* never fail to restore us."

NEWS OF OTHER TOWNS

West Hocking

A very pleasant social event was the Hollowe'en party given on last Wednesday eve, at the home of Mr. and Mrs. W. W. McClelland, on Middlefork. An invitation to this beautiful home carries with it an assurance of a good time and the affair of Wednesday eve was no exception. The parlors were beautifully decorated with potted plants and festoons of Autumn leaves and broken branches upon which was perched many miniature owls which was very much in conformance with the occasion. Many jack-o-lanterns with their pink faces completed the decorations on the lawn.

The eldest daughter, Miss Leoto assisted by her cousin, Miss Ethel Anderson, of Columbus, received the guests of which about thirty responded to the invitation of "Be wise meet the owls at W. W. McClellands, 1, 30, 1'07."

The evening was spent in playing games in accord with the mystic Hollowe'en, and by telling fortunes, by which, the witches decided that majority of the guests were composed principally, of what would be the future "old maids and bachelors." THE first stage of Bright's Disease of the kidneys is known as the catarrah stage. Catarrah of the mucous membrane lining the kidneys is the first act of a drama that often ends as a tragedy.

If Bright's Disease can be relieved during the catarrah stage all will be well.

This explains why *Peruna* has been used with so much success in kidney diseases.

"For years I suffered with severe disease of the kidneys. I would have pains all over my body, and at times have such dizziness in my head that I could not see nor work."

"Nights I would often be awake with pain so I could get no rest. I spent hundreds of dollars on doctors and drugs, and had ceased to have faith in either."

"My druggist told me one day of the praise his customers gave to *Peruna*, and advised me to try it, offering to return my money if it did not help me. I purchased a few bottles. I kept getting better. The medicine did its work, and in four months I was a well man."

The case of Jacob Pfeiffer against John S. Cherrington and Murat H. Cherrington on appeal from the Court of Squire Murphy, was tried to Judge Martin on November 1, with the result that the judgment of the magistrate was affirmed. This action was originally brought by the Messrs. Cherrington to oust Pfeiffer from the possession of the Wright prop-

erty which they recently purchased, and which resulted in a verdict for them. A bond of \$300 for stay of execution was given by Mr. Pfeiffer and the case will probably be heard in the higher courts.
